# Certificate IV in Transport and Logistics (Road Transport – Car Driving Instruction)

The Instructor College Driving Instructor Training course is a nationally recognised training program, built around you and delivered by our qualified and experienced driver training experts. This course provides you with everything you need to become a modern, confident and skilled driving Instructor in QLD.

TLI41218 Certificate IV in Transport and Logistics (Road Transport – Car Driving Instruction) is the qualification for people engaged in driving instructor job roles within the Transport and Logistics Industry.

You will learn how to instruct others to apply safe car driving behaviours when operating a motor vehicle, design and develop a learning program to instruct learner drivers and gain skills to run your own business, such as customer services, basic bookkeeping, and safety procedures.

From the guidance of our highly skilled and experienced instructors, you will learn:

- To develop an effective instruction program for learning safe driving skills
- The safe operation of driving instruction vehicles and how to use the dual control systems.
- Effective verbal instruction techniques for supporting those in control of a car.
- Effective emergency response techniques and the best methods for taking control in an emergency situation.
- How to effectively operate your own independent Driving Instructor business.

*In Queensland, a person wishing to provide pre-licence driver training for reward must be accredited as a driver trainer with the Department of Transport and Main Roads in accordance with the Transport Operations (Road Use Management – Accreditation and Other Provisions) Regulation 2015.*

## Duration\*

Class based learning and practical experience – 8 days  
Practical “in-car” assessment – 2 days

**Total = 10 days<sup>#</sup> in addition to independent self-paced learning.**

## Delivery Mode

This course is delivered as a blend of self-directed at-home learning and assessment, classroom-based activities and practical in-car training and assessment. Optional online tutorials will be available to learners as required.

## Target Cohort

This course is ideal for learners who possess sound knowledge and practical skills in vehicle operation and who have a strong inclination for working in the transport industry as a driving instructor. This program aims to further develop learner’s knowledge and skills in order to create employment opportunities and to support their goals to develop their own business. Learners must be over 21 years of age and hold a valid open class C driver Licence.

## Location:

The Instructor College Head Office  
Level 1  
1/44 Proprietary Street  
Tingalpa, QLD 4173

*\*The amount of training and assessment required is depended on your contribution to your own learning during the independent self-paced component of this program, and your ability to acquire the theoretical components of the program and demonstrate competency.*

*<sup>#</sup>Learners must undergo independent learning prior to commencing face-to-face classroom delivery. This includes self-paced learning activities and independent reading using the Instructor College Driving Instructor resources practical car driving exercises using own vehicle. On successful completion of self-paced work, Learners will be scheduled to attend class-based sessions. Speak to the Instructor College to find out more.*
